Power **SPOT** *30P* Fold-able Military Grade Solar Panel

This military grade fold-able panel is waterproof and comes with a 15 foot cable attachment for external recharging your Power **SPOT** solar generator.

The panel is made of vinyl clothe and folds down to a size of a sheet of paper (8.5in X 11in).

When fully opened the Power **SPOT** *30P* provides 30 watts of DC power and folds out to a size of 36in X 20in.

Velcro strips means folding and storage is fast, easy, and simple. The PowerSPOT 30P is a perfect companion accessory for charging your PowerSPOT units or a computer, phones, small battery chargers, and other small grade electronic DC powered devices.

Power **SPOT** *30P* contains simple plug-n-play connections that fit most all type connectors.
