

PowerPAK

MOVER

PowerSPOT Power Products

The **PowerPAK MOVER** is a mini battery pack for charging DC devices via multiple USB ports. Perfect for those power movers who are always "on the go".

The **PowerPAK MOVER** features a 10,000mah battery, multiple USB ports, and LED lamp light. The unit can be completely charged via the BUILT-IN solar panel.

This mini power pack is small enough to store in glove-compartment, purse, or even a coat pocket. The lite weight yet powerful 10,000 mah battery provides maximum power that evenly discharges and will quickly recharge via multiple adapters.

The reverse side of the unit contains LED LAMP that can provide as much light as a standard light bulb (about 1000 LUMENS) lasting for many hours OR use the pin light for focus short beam lighting.

Technical Information:

Model Version	PM100902
Outlets	Two USB 5V/2A, 9V/1A
Output Lumination	>LED Pen Light watt LED 50 Lumens >POWERFUL LED Lamp – 60 watt bulb equivalent
Voltage	9V
Capacity	10,000 mah
Size	4in X 3in X 0.75in or 120mmX75mmX21mm
